Henry C. Bell to be second deputy commis sioner of pensions.

Horace H. Lurton of Tennessee, to be United States circuit judge for the sixth judicial circuit To be marshals of the United States: Frank F. White of Nebraska, for the district of Ne-Geo. Pfeiffer, jr., of New Jersey, for the dis

Mr. Seymour's appointment as commissione of patents was recommended by the solid Connecticut delegation. He is an active man in the early prime of life. He is an active democrat, was a member of the state senate and is at present state insurance commissioner.

THE ASSISTANT SECRETARY. Wm. H. Sims, who is named as first assistant secretary of the interior, has a fine record in his native state of Mississippi. He was a gallant soldier of the confederacy and left a leg upon the field of battle. He is a resident of Columbus and is said to be a man of excellent parts; an eminent lawyer and a good politician, whose nomination will meet with the unqualified indorsement of the people of Mississippi, whom he has served in the capacity of lieutenant governor. JOHN J. CARTER.

John J. Carter, nominated to be collector internal revenue for the district of Louisiana is forty years of age, a resident of Minder and has taken an active part in state politics for the past fifteen or twenty years, serving for a time as a represent-ative in the Louisiana legislature. Gen. Caffery says the appointment is a good one and that Mr. Carter possesses the confidence of the people of the state.

E. A. Bowers is a young lawyer of this city, a college graduate and a man of culture. He is a native of Connecticut. Some years ago he went to South Dakota and began the practice of law, but shout two or three years ago he transferred his practice to this city, where he has been acting in the capacity of counsel for the National Forestry Association, of which he is an active member. His appointment is supposed to have been influenced by a desire on the part of the President to give greater prominence in the land office to the important subject of forestry than it has heretofore received.

Horace H. Lurton, nominated to be judge of the sixth judicial circuit, is the present chief justice of the supreme court of Tennessee. It was for this place that President Harrison nominated Benjamin Hanchett of Michigan, which nomination failed for lack of time in the Senate to act upon it. He is a man about forty-five years of age and a native of Tennessee, where he was born of parents in humble circumstances. He was distinguished as an carnest student, and equipped himself as a lawyer, in which profession he soon rose to the minimum and a friend of the President, and it is said that there was a curious ramification of influences behind him which would have subjected his appointment to serious criticism. While in the station there was a large crowd rushing him, and Mr. Gregory, he said, pushed him over a chair. Then it was that he (defendant) struck Mr. Gregory a light blow with his club in order to prevent the crowd from trampling over him. Mr. Lamoreaux's Appointment a Surprise

The appointment of Silas W. Lamoreaux of Wisconsin as commissioner of the general land office is a disappointment to a number of men who have thought for some time that they knew who would get that appointment. It has probably saved a great deal of disagreeable talk. It is said that the same influence which brought about the election of Mr. Roach to the Senate from North Dakota was favorable to the appointment of Bartlett Tripp of South Dakota as land commissioner. Tripp is spoken of as a rear commissioner. Tripp is spoken of as a very good man and a friend of the President, and it
